

Principal's Message

Recess During Cold Weather

Elementary school students are kept indoors for recess and lunch times for a number of weather conditions such as rain, lightening in the area, extreme winds and extreme cold. When temperature and wind chill measure -28C or lower, students are kept indoors. Recesses and lunch hour may be shortened if the temperature and wind chill reading is between -28C and -20C.

If a student's medical condition requires further consideration due to weather conditions, or if parents have other questions or concerns about how and when weather conditions affect your child's school day, please contact the school office.

Please ensure that your children are coming to school prepared with:

- Appropriate clothing including hats, boots and mittens/gloves
- Indoor shoes that they can leave in the classroom

Also, please remember, snow stays on the ground.
